INFORMATION

*mm

The Nepal Roll Up banner has 4 widths available. The width of 1500mm and 2000mm has 2 pertigas in its structures for a better firmness. Also, the 2000mm wide model has 3 bases to improve its stability. This Roll Up banner stand is an extra wide, extra tall marketing display that is perfect as a backdrop in trade show booths, press conferences, and other promotional events. Because it is so large, the Nepal 1500mm and 2000mm wide are especially suitable when your message needs to be seen from a distance.

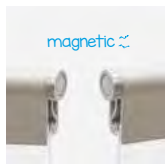

If you are looking for something bigger, the 2000mm wide, being the widest roll up of the series Nepal is the perfect alternate to a trade show booth or pop up display. Create a unique backwall design that is equally as impressive as the standard Pop Up exhibits. Nepal Roll Up 2000mm wide is perfect for trade shows, convention centers, press conferences, expositions or media events to create a lasting impression with event attendees at every exhibit.

If you are looking for something bigger, the Mont Blanc Roll Up Banner is 2000mm wide and features an adjustable height up to 3060mm to grab the attention of anyone in the event. Mont Blanc is the perfect alternate to a trade show booth or pop up display. The banner stand comes with a carrying bag to make transport of your display simple. This bag protects the unit when not in use, and a shoulder strap makes moving the bag easy.
